ON THE WAY TO PERFECTION

Implantologiczne

Everything started during winter in 2006 in St. Lambrecht...

It's back then, when we met for the first time in a bigger group of specialists on a seminar about occlusion. We can certainly say, it's where C.Witt Dental's heart started beating and the idea of a company offering something more than products was born. In here, people who see each other for the first time leave as friends.

Christian Witt-Doerring

In 2024 C.Witt Dental is reaching its maturity in a literal and figurative sense. Firstly, it's been 18 years since the first academic-recreation meeting, and secondly thanks to a baggage of acquired experiences we know in which direction our company is supposed to go.

On this occasion we want - together with PTS - to celebrate our Jubilee by inviting You to a special, international conference, as well as a gala and events. They will let us to keep up with our motto:

EDUCATION - RECREATION - COMMUNICATION.
